Season's Greetings

Dr. Allen Knecht
President of the Board

The ONE Research Foundation is proud to announce that we are funding a pilot study assessing the use of NET in treating cancer patients and in mitigating cancer recurrence. The results of this pilot study will lead to unlimited possibilities for future studies,

generalizing the results to other patient populations and examining the impact of NET on overall physiology.

As we approach the end of the year I want to sincerely thank all of our members and the BPS/NET network for all of the support you've provided to The ONE Research Foundation. I truly believe that together we will take natural healing to a new level.

Season's greetings and cheers to an exciting 2012!

Dr. Allen Knecht
ONE Research Foundation, President of the Board

ONE's New Pilot Study

ONE's New Pilot Study: For detailed information on ONE's new pilot research study, and to view a video clip of Dr. Dan Monti describing the study please [click here](#).

For information on the study's Principle Investigators Daniel A. Monti, M.D., and Andrew B. Newberg, M.D., please [click here](#).

1 Day 4 One

On May 1, 2012 practitioners from around the world will donate their net proceeds from that day to The ONE Research Foundation.

Earnings from this event will be used to advance BPS/NET research. For more information on this event and to sign up as a participant please [click here](#).

\$1 Million Fundraising Campaign

\$1 Million Fundraising Campaign: At the Eagles Success seminar in Sedona on Oct. 21, 2011, ONE announced the launch of a \$1 million dollar fundraising campaign. Monies raised will be used to fund the cancer research pilot study and future studies. Thus far we have raised \$273,800 toward our goal.

Upcoming Events

NET with Certainty - Certification
